Our Inspiration

Lester Crowell, the Managing Partner of Three-13 Salon, Spa & Boutique and as of 2016 Board Member of the Georgia Transplant Foundation. Starting at the age of 13 Lester struggled with IHSS (Idiopathic hypertrophic subaortic stenosis) a congenital heart disease. At the young age of 40 Lester was diagnosed with congestive heart failure. Put on the transplant list for the first time at the age of 43 he could barley walk or talk. He laid at the Hospital while the same disease took the life of his beloved mother only two floors above him. With determination and strength Lester continued working during his illness until he received the 1AM call from the Emory transplant coordinator on April 15, 2000. Lester received a healthy and strong heart and after a speedy recovery he was able to join in on activities he never was able to do. After 9 years the transplanted heart developed a common threat to all transplanted organs, chronic rejection, similar to coronary artery disease. The doctors told Lester he was at high risk for a massive heart attack and the only option would be another heart transplant. Lester received the second call at 5:45 am on December 3, 2010. Again, Lester received a healthy & strong heart with this being his 3rd heart. While in the hospital Lester reflected on the grace, fortune, and protection he has been blessed with and at that moment it became a mission for him to make a difference in the lives of those touched by transplants...**that is when Angels of Life was born!**

$950,313 Donated since 2011!
Help us meet our $150,000 goal this year to reach over one million in donations!

How GTF Helps

Georgia Transplant Foundation
Enriching Lives Everyday

501c3 nonprofit organization

Tax ID# 58-2075193

The Georgia Transplant Foundation (GTF) is focused on providing both financial, educational and back to work assistance during a time that is often very overwhelming for those children and adults waiting or undergoing a transplant. GTF is the primary source for transplant patient assistance and support for all solid organ transplantation in the entire state of Georgia. All funds raised go to support Georgia residents who are transplant candidates, recipients, living donors or their families.

Georgia Transplant Foundation works hard to keep administrative costs down. More than 92 cents of every dollar donated to our organization goes directly to support client services. Over 3,891 Georgians are currently on the transplant waiting list.
Your generous contribution makes a positive impact in the lives of thousands of Georgians living with an organ transplant through the financial, educational, and emotional assistance they need. In recognition of the Georgia Transplant Foundation's commitment to accountability and transparency, GTF has received the highest possible rating and accreditation from Charity Navigator and GuideStar, the non-profit watchdog organizations designed to help contributors make well-informed giving decisions:

- 92% of all donations to the Georgia Transplant Foundation go directly to assistance, programs, and services.
- More than 2,000 pediatric and adult transplant patients receive vital services and support each year from GTF.
- 2.8 million distributed annually in Financial Assistance.
- $34k awarded yearly in Academic Scholarships.
- 3,584 patients enrolled in the Transplant Fundraising Program.
